

CLOUD IBR

INSTANT BACKUP RECOVERY

A simple, automated Disaster Recovery platform that turns your Veeam backups in any Veeam-Compatible Offsite Storage location into a running environment on demand. Cloud IBR automates the process with on-demand Bare Metal Cloud and no pre-staging.

Automated On-Demand Disaster Recovery

Cloud IBR deploys the full environment—servers, storage, networking, and required Veeam components—within minutes. NVMe storage speeds recovery, and backups are automatically imported from any Veeam-Compatible Offsite Storage or a VCSP.

As Simple as DR Can Get

A hassle-free, low-cost Disaster Recovery solution built for the masses. Pay for recovery, only when you use it.

Fully Automated DR Testing

Intuitive setup that provides full server recovery via an easy to use web portal, with ongoing fully automated disaster recovery testing.

Affordable DR

Three affordable tiers. No Object Storage egress fees. Low cost BMC when you need it.
